

INAUGURAL BULL & COMMERCIAL HEIFER SALE

FRIDAY 10 SEPTEMBER 2021

TIME: 11.00AM

ON PROPERTY
'WILLURAH' 15778 HUME HIGHWAY
TABLE TOP NSW 2640

Lot 8 DCSR349 (1.7.21)

HEALTH STATUS

LOCATION

SALE HEIFER HEALTH STATUS

- Vaccinated 7 in 1, Pesti Guard
- Drenched Dectomax PO 1/8/21
- Auction Plus Assessed
- JBAS 7
- Vet Checked

SALE BULL HEALTH STATUS

- Vaccinated 7 in 1, Vibrio, Pesti Guard, IBR
- Drenched Cydectin Long Acting Injectable 1/7/21
- Arrest 2/8/21
- Tested Non Pesti Virus Carriers - Ear Notched
- Service Capability Tested Dr. Andrew Todd and Ben Schulz
- Bulls are Parent Verified (PV) or Sire Verified (SV)
- Bulls are HD50K Tested
- Bulls are Free of Tested Genetic Conditions AM CA DD NH
- Tested Non Red Gene Carriers
- Bulls Scanned by Liam Cardile
- Bulls Structurally Assessed by Liam Cardile
- JBAS 7

Welcome

TABLE TOP ANGUS INAUGURAL SALE

On property and interfaced with AuctionsPlus

Inspections from 8:00am prior to commencement of sale.

60 Commercial ANGUS Heifers
(11-12 months)

40 Angus Bulls

Friday 10th September 2021
11:00am (NSW time)

“Willurah”, 15778 Hume Highway, Table Top NSW 2640

ENQUIRIES: Tim and Jessica Scott
02 6026 2097 | 0409 747 919
tajmscott@bigpond.com

For further information, catalogues and accommodation contact
SELLING AGENTS:

Keven Corcoran 0428 695 615
Cameron Hilton 0419 578 309

Tim Wright 0429 679 410
Phil Gledhill 0407 078 094

DISCLAIMER:

Whilst all due care and attention has been paid to accuracy in the compilation of this catalogue, neither the vendors nor the selling agents or representative(s) thereof assume any responsibility whatsoever for the correctness, use or interpretation of the information on animals included in this sale catalogue.

SALE DAY INFORMATION

Pre Sale Inspection - 8:00am

Sale Commences - 11:00am

Commercial heifers to be offered first in pens of 10. Heifers will be sold open cry with AuctionsPlus interfaced at the pens.

Angus bulls will be offered individually after the completion of the heifers – bulls will be sold open cry with video footage in the sale shed. Buyers have the option to bid from the display yards as well.

Morning Tea and Lunch will be available.

COVID SAFE

Covid-19 rules will apply. We may need to be required to take details of attendees. There is space for social distancing and hand sanitiser will be readily available.

FREIGHT ASSISTANCE

Joe Wilton has been invited to the sale to help coordinate the delivery of stock.

Joe Wilton Ph 0408 739 559.

GST

All animals will be sold GST exclusive.

GUARANTEE

Each bull in the sale has undertaken a full reproductive evaluation by Dr. Andrew Todd, Holbrook Cattle Vets. However in the unlikely event the bull is incapable of natural service – not due to injury or illness acquired since leaving the property of Table Top Angus, the vendor agrees to provide the purchaser with a satisfactory replacement if available or a credit for a period of 12 months.

A veterinary certificate will be required.

INSURANCE

Will be available on the day. Insurance is encouraged for loss of use due to injury, illness or death. Animals purchased at sale are exposed to transport, new environments and new animal groups which can unfortunately lead to mishaps.

REBATE

3% will be paid to outside agents in attendance. Agents unable to attend due to Covid-19 restrictions will be paid 3%.

SAFETY

Please do not enter the pens unnecessarily.

Do not crowd animals. No children to enter unattended.

Welcome

Dear Friends, Breeders, Clients,

Welcome to Table Top Angus's First Inaugural Bull Sale.

If we haven't had the pleasure of meeting you yet a quick overview of Table Top Angus's history . . .

Stud owners and principals Tim and Jessica met at the once annual National Angus judging competition in 1996. Tim from an Angus breeding enterprise at Henty, New South Wales and Jessica from an Angus breeding enterprise in Lucindale, South Australia. After marrying in 2000 Table Top Angus was established. With Angus cattle running through their blood Tim and Jessica appreciate the power of the breed and continue to find pure joy in chasing that 'ideal' line of cattle 21 years later.

Which brings us to where we are today and it's with great pleasure we are able to showcase some of the bulls we produce year in year out at Table Top Angus.

For our first sale we have catalogued a selection of our early winter dropped 2020 'R' yearling bulls.

We have been selling yearling bulls for a number of years that are suitable for heifer joinings and are what we call dual purpose bulls that breed cows when they are physically too big for the heifers.

We also produce yearling bulls that are physically able to join younger cows. We are very proud of the bulls that will be presented.

Tim and Jessica Scott

Beef Class Structural Assessment System

Structural problems in cattle have a substantial effect on both the reproductive and growth performance of a beef herd. It is widely recognised that structural problems in sires have detrimental effects on conception rates, calving patterns and thus profitability. Similarly, females with inadequate structural characteristics are more prone to weaning lighter calves or conceiving later in the breeding season than their more functional counterparts. These structural problems are filtered through the supply chain resulting in reduced income for the producer, feedlot and thus reducing the overall productivity of the Australian Beef Industry.

Over the past decade, use of the Beef Class Structural Assessment System in the seedstock industry has produced a marked improvement in herds which have shown commitment to using the information appropriately. Through these dedicated breeders, there has been a flow on affect of structural improvement through out all sectors of the beef cattle industry.

Liam Cardile of 'BEEFXCEL' service many of the leading seedstock herds in Australia. 'BEEFXCEL' is not involved in any genetic marketing or specific breeding advice and therefore has no conflict of interests to influence their stock appraisal. The integrity of the structural data provided by 'BEEFXCEL' is recognised throughout the industry. Liam is a full INDEPENDENT assessor.

HOW TO USE THE BEEF CLASS STRUCTURAL ASSESSMENT SYSTEM

Call Liam Cardile on 0409 572 570

DISCLAIMER AND PRIVACY INFORMATION

Attention Buyer

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

Parent Verification Suffixes

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV : both parents have been verified by DNA.

SV : the sire has been verified by DNA.

DV : the dam has been verified by DNA.

: DNA verification has not been conducted.

E : DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

Privacy Information

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must complete the form included below and forward it to Angus Australia. If the form is not completed, the buyer will be taken to have consented to the disclosure of such information.

BUYERS OPTION TO OPT OUT OF DISCLOSING PERSONAL INFORMATION TO ANGUS AUSTRALIA

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its database and disclosing that information to its members on its website.

I, the buyer of animals with the following ids.....

from member.....(name) do not consent to Angus Australia using my name, address and phone number for the purposes of effecting a change of registration of the animals I have mentioned above that I have purchased, maintaining its database and disclosing that information to its members on its website.

Name: Signature:

Date:

Please forward this completed consent form to Angus Australia, 86 Glen Innes Road, Armidale NSW 2350.

If you have any questions or queries regarding any of the above, please contact Angus Australia on (02) 6773 4600 or email office@angusaustralia.com.au

ANGUS HeiferSELECT™

The advanced genomic tool to inform the selection of replacement heifers for commercial Angus breeders

GENETICS – THE FOUNDATION OF YOUR ENTERPRISE

Effective selection of replacement females is one of the most challenging aspects of a commercial breeding operation.

Producers must decide whether a given heifer can be a productive and profitable breeding female before she has had an opportunity to express productivity associated with profitability, including fertility, calving ease, milking ability, growth and mature size.

To take your breeding decisions to the next level call: 1300 768 400

ANGUS HeiferSELECT™

Angus HeiferSELECT™ is a genomic selection tool to help inform the selection of Angus replacement females in commercial beef breeding operations.

Angus HeiferSELECT™ provides genetic predictions, including:

- ✓ Total Breeding Value
- ✓ Nine (9) important maternal, growth and carcase traits
- ✓ DNA sire identification to a sire registered with Angus Australia
- ✓ Angus HeiferSELECT™ Star Rating for easy interpretation

Angus HeiferSELECT has been created in collaboration between Angus Australia and Zoetis

Zoetis Australia Pty Ltd. ABN 94 156 476 425. Level 6, 5 Rider Boulevard, Rhodes NSW 2138. ©2020 Zoetis Inc. All rights reserved. www.zoetis.com.au

DATE

1 Have any of the cattle in this consignment ever in their lives been treated with a hormonal growth promotant (HGP)? (Use a second document for mixed consignments.)

Yes ☐ No ☒

2 Have the cattle in this consignment ever in their lives been fed feed containing animal fats?

Yes ☐ No ☒ (See Explanatory Notes)

3 Has the owner stated above owned these cattle since their birth?

Yes ☒ No ☐ If No, how long were the cattle obtained or purchased?

(If purchased at different times, tick the box corresponding to the time of the most recent purchase.)

A. Less than 2 months ☐ B. 2-6 months ☐ C. 6-12 months ☐ D. more than 12 months ☐

4 In the past 60 days, have any of these cattle been fed by-product stockfeeds?

Yes ☐ No ☒ If Yes, attach a list of the by-product stockfeeds, date when last fed and a copy of an analyst's report if available.

5 In the past 6 months have any of these animals been on a property listed on the ERP database or placed under any restrictions because of chemical residues?

Yes ☐ No ☒ If Yes, give details:

6 Are any of the cattle in this consignment still within a Withholding Period (WHP) or Export Slaughter Interval (ESI) as set by APVMA or SAfEMEAT, following treatment with any veterinary drug or chemical?

Yes ☐ No ☐ If Yes, give details: (Record additional details in question 9)

7 In the past 60 days, have any of the cattle in this consignment consumed any material that was still within a withholding period when harvested, collected or first grazed?

Yes ☐ No ☒ If Yes, give details:

8 In the past 42 days, were any of these cattle

a) grazed in a spray risk area; or
b) fed fodder cut from a spray drift risk area? (See Explanatory Notes for definition of spray drift risk area.)

Yes ☐ No ☒ If Yes, Date sprayed: / /20
